

Cooley Dickinson Practice Associates closed Amherst Family Practice in August and merged it with another practice at 170 University Drive. Dr. Yarima Santiago is with that new practice, called Amherst Medical Associates. Dr. Anne Weaver has retired. Physician Assistant Karen Levine has left primary care and is doing Sleep Medicine.

Cooley transferred all patient records to the new practice. You may call that office for an appointment if you wish. If you prefer to transfer to a different practice, Cooley has promised not to charge you to transfer your records.
